

## Technical Note – PKWARE Service Support Scheduled for IBM® z/OS® Products

This notice provides PKWARE customers the latest Service Support Schedule for PKWARE products on IBM z/OS operating system versions and System z mainframe models. This schedule aligns PKWARE product support for z/OS with the published IBM operating system and hardware service schedule. Benefits this schedule provides to our customers include:

- **Defined dates for end-of-support** – PKWARE products are supported on the environments on which they were designed and tested.
- **Opportunity for advanced planning** – Coordinate product updates with new z/OS release and hardware deployments.
- **Better value for your maintenance dollars** – Take advantage of new releases with the latest product improvements matched to the latest IBM features.
- **Online end-of-service info** – current end-of-service information is available online at [www.pkware.com/PKWARE\\_zOS\\_Products.txt](http://www.pkware.com/PKWARE_zOS_Products.txt).

### PKWARE Service Support Schedule for z/OS Products – September 2019

| Version               | PKZIP & SecureZIP for z/OS v14*                                                                      | PKZIP & SecureZIP for z/OS v15                                                                       | PKZIP & Smartcrypt for z/OS v16                                                                      | PKZIP & Smartcrypt for z/OS v16.1                                                                                     | Smartcrypt Manager for z/OS V1.x                                                                                                        |                                                                                                                                         |
|-----------------------|------------------------------------------------------------------------------------------------------|------------------------------------------------------------------------------------------------------|------------------------------------------------------------------------------------------------------|-----------------------------------------------------------------------------------------------------------------------|-----------------------------------------------------------------------------------------------------------------------------------------|-----------------------------------------------------------------------------------------------------------------------------------------|
| OS Versions Supported | 1.11 - 2.1                                                                                           | 1.12 - 2.3                                                                                           | 1.13 - 2.3+                                                                                          | 1.13 - 2.3+                                                                                                           | 2.1 - 2.3+                                                                                                                              |                                                                                                                                         |
| Date First Available  | 2012/03                                                                                              | 2013/10                                                                                              | 2015/12                                                                                              | 2018/12                                                                                                               | 2018/12                                                                                                                                 |                                                                                                                                         |
| End of Service        | 2018/09                                                                                              | 2022/09 (est)                                                                                        | TBA                                                                                                  | TBA                                                                                                                   | TBA                                                                                                                                     |                                                                                                                                         |
