

FTP Server Info

From time to time, it may be come necessary to send files to PKWARE. Below are instructions for using PKWARE's FTP Server.

PKWARE FTP Connection Information
URL: bigiron.pkware.com
Username: ftp_support
Password: PKW!PKW

This FTP Server has been configured NOT to display files in folders. If you receive an error that the contents cannot be displayed, this is by design.

Submit a file using the CLI FTP client built into Windows.

1. Move to the folder you wish to work from
2. Log into **bigiron.pkware.com**
3. If the file is binary, issue the **bin** command
4. Switch to the **usupport** folder
5. Upload your file by using **put filename.extension**
6. Issue the command **bye** to exit FTP
7. Notify your support agent that you've uploaded the requested file/output
